

Equine Anesthesia for Technicians

Saturday, June 27, 2009

CE Information

Each hour of participation in the workshop is worth one hour of credit for license renewal. Conference participants can earn eight CE hours.

Debbie Coleman, RVT, VTS

Debbie is a sales and service representative for Vetamac, Inc., maintaining and repairing anesthesia machines for veterinarians in Iowa and the surrounding states. Previously she was an anesthesia technician from 1987 to 2008 at Iowa State University. From 1980 to 1987, she was a technician in a two-person mixed animal practice in Missouri. She is a 1980 graduate of the Animal Health Technology program at Truman State University in Kirksville, Missouri.

Debbie is a member of NAVTA, VECCS, and a charter member of the Academy of Veterinary Technician Anesthetists where she served as President from 2005–2006. She is a frequent speaker at national veterinary meetings including Western Veterinary Conference, North American Veterinary Conference, American College of Veterinary Internal Medicine, AVMA and SWVC.

Andrea Dorschner, RVT

Andrea is the primary equine medicine technician at the Lloyd Veterinary Medical Center. Her main area of responsibility includes the operation and organization of the Equine Intensive Care Unit. She also works with the equine faculty on biosecurity issues. Andrea joined the staff at Iowa State University in 2001. She is a 2000 graduate of the veterinary technician program at Kirkwood Community College in Iowa. She is currently completing the requirements for certification in the specialty of Internal Medicine. In her free time, Andrea trains and competes with her dogs in agility and conformation.
